

Multifunctional spraying machine X6

Three-stage reduction motor, super torque,
speed adjustable at six gears

motor no-load power :2000w
Air compressor power : 2900w
Working pressure : 90PSI
Flow range : 30L/mm
Particle range : 2mm
Voltage frequency :220/50Hz
opper capacity : 40L
Vertical pumping distance: 20M
Horizontal pumping distance: 30M
Machine standard configuration

Intelligent small box shuts down the
gun and stops automatically

Scope of application: cement slurry, waterproof prime,
cement-based, water-based polyurethane k11, JS,
lightweight water proof coating etc
